BIOGRAPHY

Deighton "DJ 3D" Duncan keeps dance floors moving with his ear for great music and his Caribbean background. Born on October 7, 1993 to a family of gifted musicians, it was certainly inevitable that the rhythms & sounds of the world would course through his veins. 3D got his first gig at his High School Party in 2009 and has now rocked venues ranging from Lower East Side hot spots and chic NY nightclubs to upscale venues in Canada. From these experiences, 3D has gone on to rock the decks at various venues for established clients such as Verizon Wireless, Rexbespoke Clothing, Medgar Evers College Prep and countless others over the years. 3D's impressive DJ style is eclectic and energetic, and he is passionate about bringing smiles and excitement to the faces of his audiences all around the world. From the downtown scene to getting down at weddings; 3D utilizes his cuts, mixes, remixes and unique blends of your favorite music to create a pitch-perfect performance for the young and those young at heart.
